## SUMMARY

I am currently a second year undergraduate of the Bachelor of Computer Science majoring in Cyber Security. With the passion for cyber security, and the will for adaption, I am thrilled to contribute to any jobs that I take to the best extent

## EDUCATION

**Bachelor of Computer Science**  
**Swinburne University of Technology**  
**Hawthorn Campus**

**2/22 - 12/24**

- . Introduction to Programming: HD
- . Object-Oriented Programming: D
- . Network and Switching: D
- . Network Routing Principles: D
- . Computer Systems: HD

## PROFESSIONAL EXPERIENCE

**Penetration Tester Intern**  
**BIDV Information Technology Center (Vietnam)**

**11/22 - 2/23**

### Description

- Contributing and supporting the process of web and network application testing
- Performing and practicing ethical attack in internal lab environment

- Preparing technical report related to vulnerabilities

## **TECHNICAL SKILLS**

**Programming Languages:** C#, Python, C++, Java, Ruby

**Networking Models :** TCP/IP, OSI models

**Applied Cryptography**

**Software Development Lifecycle**

**Networking Simulation Tool:** Cisco Packet Tracer

**Penetration Testing Tools:**

- Burp Suite
- Nmap
- Gobuster | Feroxbuster
- Metasploit
- SQLmap
