SUMMARY

I am currently a first year undergraduate of the Bachelor of Computer Science majoring in Cyber Security. With the passion for cyber security, and the will for adaption, I am thrilled to contribute to my best extent to any jobs that I have taken.

EDUCATION

Bachelor of Computer Science
Swinburne University of Technology   *02/22 - 12/24*
(Hawthorn campus)

Grades of units taken:

. Introduction to Programming: HD (Equivalent to A+)
Learning outcomes:
+ Structured programming with the usage of Ruby and Gosu library
+ Usage of modular and functional decomposition

. Network and Switching: D (Equivalent to A)
Learning outcomes:
+ Networking fundamentals
+ OSI and TCP/IP models
+ Ethernet fundamental
+ VlSM and CIDR
+ Switching concepts
+ VLAN and inter-VLAN routing
+ Spanning Tree Protocol (STP)
+ Wireless LANs

. Object-Oriented Programming: HD (Expected) (Equivalent to A+)
Learning outcomes:

+ Concept of object-oriented programming implemented in <u>C# and SplashKit library</u>

. *Network Routing Principles: HD (Expected) (Equivalent to A+)*
Learning outcomes:

+ Ability to deploy common network services within a WAN infrastructure
+ Ability to troubleshoot the network

TECHNICAL SKILLS

. *Programming Languages*: Python, Ruby, C#
. *Libraries*: Gosu, SplashKit
. Foreign Language: IELTS 8.o
. Others:
    + Good understanding of OOP concept
